applicant operates a domestic sewage treatment plant, which k located at 111 California Street in Wahiawa, Hawaii. The facility treats incoming sewage using secondary treatment. The one existing discharge is treated domestic wastewater from the plant. The discharge enters the south fork of Kaukonahua Stream, a class "I" as defined in the Water Quality Standards for the State of Hawaii (coordinates: Latitude 21°29'37"N; Longitude 158°02'34''W). The draft permit, as proposed, would expire on June 1, 1977. 6. NPDES No. H10020095, Department of Public Works, City and County of Honolulu, Honolulu, Hawaii 96813. The facility for which application has been made is: Whitmore Village Sewage Treatment Plant, 1002 Whitmore Avenue, Wahiawa, Hawaii. The applicant operates a domestic sewage treatment plant, which is located at 1002 Whitmore Avenue in Wahiawa, Hawaii. The facility treats incoming domestic sewage using second-ary treatment. The one existing discharge consists of treated wastewater. The discharge enters the north fork of Kaukonahua Stream, a class "I" receiving water as defined in the Water Quality Standards for the State of Hawaii (coordinates: Latitude 21 °30′33′′N; Longitude 158°01′34′′W). The draft permit, as proposed, would expire on June 1, 1977. On April 30, 1974, in Public Notice H-74-15-W, the Regional Administrator, Region IX, Environmental Protection Agency, gave notice of his intent to issue National Pollutant Dis-charge Elimination System (NPDES) permits to discharge pollutants to the waters of the United States to the following applicants, subject to certain effluent limitations and special conditions: 7. NPDES No. HI0110051, U.S. Navy, Pacific Division, Naval Facilities Engineering Command, Makalapa, Hawaii. The facility for which application has been made is: Fleet Operations Control Center, Kunia Communications Annex. The applicant operates domestic sewage treat-

Wahiawa, Hawaii. The

wan, at the water seage across Lagoon Drive from the subject buildings. The draft permit, as proposed, would expire on January 1, 1976. All interested parties are invited to be present or represented at the hearing to express their views on the proposed issuance of the above permits. Persons wishing to comment upon or object to the propose determinations may submit same in writing and/ or appear at the public hearing. Written comments should be submitted within thirty (30) days from the date of this notice, either in person or by mail to: U.S. Environmental Protection Agency, Region IX. Enforcement Division, ENPPN, 100 California Street, San Francisco, CA 94111. Oral statements will be received and considered, but, for accuracy of the record. all important testimony should be submitted in writing. Oral statements should summarize extensive written material so there will be time for all interested persons to be heard. The Regional Administrator shall have discretion to fix reasonable limits upon the time allowed for oral statements and may require the submission of oral statements in writing. It is requested, but not required, that sufficient copies of written material be produced so other interested persons may receive a copy and it will not be necessary for written material to be read at length. All comments or objections submitted within thirty (30) days from the date this notice, presented at the public hearing, will be retained and considered in the formulation of final determinations regarding the applications. Following the public hearthe Regional Administrator mav make appropriate modifications in the terms and conditions of the proposed permits. The Regional Administrator will provide notice of such final determinations to the permittee and to any person who submits written comments. The notice will briefly indicate any significant changes from the tentative determinations and draft permits. The permits will become effective thirty (30) days

dress or by calling the Permits Branch, Enforcement vision, at 415/556-34. Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.

(S.-B.: Sept. 6, 1974) (S.-B.-2017)

UNITED STATES EN-VIRONMENTAL PROTECTION AGEN-CY, REGION IX, 100 CALIFORNIA STREET, FRANCISCO, SAN CALIFORNIA 94111. U.S. ENVIRON-MENTAL PROTEC-TION AGENCY NO-TICE OF PUBLIC PUBLIC HEARING AND RE-QUEST FOR STATE PROGRAM APPROVAL TO CONTROL DIS-CHARGES OF POLLU-TANTS TO NAVIGA-BLE WATERS BY THE STATE OF HAWAII. The State of Hawaii has submitted a request for approval of its program to control discharges of pollutants to navigable waters under section 402 of the Federal Water Pollution Control Act Amendments of 1972 (the Act), 33 U.S.C.A. Section 1342(b). A public hearing to consider this request will be held on October 10, 1974, at the State Capitol Building, Legis-lative Auditorium (Chamber Level), Beretania and Richards Streets, Honolulu, Hawaii, starting at 1:30 p.m. and 7:00 p.m. The hearing panel will consist of the Environmental Protection Agency Administrator, who will serve as the Presiding Officer, the Director of the Hawaii State Department of Health, and Environmental Protection Agency Regional Administrator, Region IX, or the representatives of these persons. Section 402(b) of the Act provides that the Governor of a State desiring to administer the National Pollutant Discharge Elimination System (NPDES) permit program to control discharges into navigable waters within its jurisdiction may submit to the Administrator of the United States Environmental Protection Agency (EPA) a full and complete description of the program the State intends to administer, including a statement from the State's Attor-

Environmental Protection Agency, Region IX, 100 California Street, San Francisco, California 94111 (area code 415/ 556-3450). All interested persons wishing to comment upon the State's request or its program submission are invited to appear at the public hearing to present their views. Written comments may be presented at the hearing or submitted by October 10, 1974, either in person or by mail, to the Environ-mental Protection Agency, Region IX, at the previously mentioned address. Oral statements will be received and considered, but for the accuracy of the record, all testimony should be submitted in writing. Statements should summarize extensive written material so that there will be time for all interested persons to be heard. Persons submitting written statements are encouraged to furnish additional copies for the use of the hearing panel and other interested persons. The Presiding Officer may, at his discretion, exclude oral testimony if it is overly repetitious or irrelevant to the decision to approve or require revision to the State program as submitted. All comments 1974, or presented at the public hearing will be considered by the Environmental Protection Agency in taking final action on Hawaii's request for state program approval. Please bring the foregoing to the attention of persons whom you know would be interested. Alan G. Kirk II, Assistant Administrator for Enforcement and General Counsel.

ment plant located at the Kunia Communications Annex (SIC Code 9711) on Kunia Road, approximately one-half mile south of State Route 78 on the island of Oahu. The one existing discharge consists of treated wastewater from the sewage treatment plant. The discharge is to Waikele Stream, a class "I" receiving water as defined in the Water Quality Standards for the State of Hawaii. approximately 50 feet east of the facility. The draft permit, as pro-posed, would expire on June 31, 1979. 8. NPDES No. HI0110094, Fourteenth Coast Guard District, 7 Ala Moana Bouleva d, Honolulu, Hawaii 96813. The facility for which application has been made is: French Frigate Shoals, Loran Station, Tern Island. The applicant operates a Navigation Aid Station (SIC Code 9711), in the Pacific Ocean. The facility is located on French Frigate Shoals, Hawaii Archipelago, approximately 560 statute miles west northwest of Honolulu. The discharge consists of treated domestic sewage which is discharged from a package plant into the Pacific Ocean, a class "AA" water as defined by the Hawaii Water Quality Standards, at approximately Latitude 23°40'N; Longitude 166°W. The draft permit, as proposed, would expire on July 30, 1979. 9. NPDES No. HI0110205, U.S. Army Support Command, Ha-waii, Directorate of Fa-cilities Engineering, Building 580, Schofield Barracks, Hawaii 96557. The facility for which application has been made is: Fort Kame-hameha. The applicant operates a classified military activity and a commodity warehouse (SIC Code 9711) at Fort Kamehameha. The subject buildings are several hundred yards from Kumumau Point on Lagoon Drive. The two existing discharge are domestic wastes. A portion of this waste is septic tank overflow and the remainder is un-treated sewage. The discharge enters Mamala Bay, a class "A" receiving water as defined in

the Water Quality Stand-

following the date they are signed by the Regional Administrator. The permits will be considered issued thirty (30) days following the date they are signed by the Regional Administrator. unless he grants a written request for an adjudicatory hearing. Requests for adjudicatory hearing must be filed within ten (10) days following the receipt of the final determinations and must meet the requirements of 40 CFR 125.36. All written requests for adjudicatory hearing should be addressed to the Regional Administrator, Environmental Protection Agency, Region IX, Attn: Regional Hearing Clerk, 100 Cali-fornia Street, San Francisco, California 94111. If the Regional Administrator grants a request for an adjudicatory hearing, he shall give public notice of such hearing. Any person may submit a request to be admitted as a party within thirty (30) days after the date publication of public notice of an adjudicatory hearing. If no adjudicatory hearing is requested, the permit will be issued or denied, as appropriate, and this action will be final. Persons wishing to comment upon or object to certification by the Hawaii State Depart-ment of Health may submit same in writing and/ or appear at the public hearing. Written comments should be submitted within thirty (30) days from the date of this notice, either in person or by mail to: Environmental Health. Hawaii State Department of Health, 1250 Punchbowl Street, P.O. Box 3378, Honolulu, Hawaii 96801. The applications, proposed permits, fact sheets, if required, comments received, and other information are on file and may be copied at: Regional Office of EPA, San Francisco (Address and telephone number indicated above), Environmental Protection Agency Pacific Island Basins Office, 1000 Bishop Street, Suite 601, Honolulu, Ha-waii 96813, Phone: 808/ 546-8910. Copies of the draft per its, fact sheets, if aired, and further information may be obtained by writing to the Regional Office of

ney General that its laws provide adequate authority to carry out the program described. The Administrator is required to approve each such submitted program unless it does not meet the requirements of section 402(b) and EPA's guidelines. To adminis-ter the NPDES program the State must have the authority, among others, to: (1) issue permits which comply with all pertinent requirements of the Act, (2) abate violations of permits or the permit program in-cluding civil and criminal penalties, and (3) ensure that the Administrator, the public, and any affected States and agencies are given notice of and opportunity for a public hearing with regard to each permit application. The State must also have and commit itself to use manpower and resources sufficient to act on all outstanding permit applications in a timely manner and consistent with the periods prescribed by the Act. (EPA's guidelines estab-lishing State Program Elements Necessary for Participation in the NPDES were published in Volume 37 of the Federal Register, December 22, 1972 (40 C.F.R. Part 124) beginning at page 28390.) The State of Hawaii proposes that the Hawaii Ŝtate Department of Health, 1250 Punchbowl Street, P.O. Box 3378, Honolulu, Hawaii 96801 (area code 808/548-3077), operate this program for control discharges into navigable waters of the State in compliance with the Act. The chief officials are Jack Burns. Governor of Hawaii, Dr. Walter B. Quisenberry, Director, Hawaii State Department of Health, and Dr. Henri Minette, Assistant Director, Environmental Protection and Health Services Division of the Hawaii State Department of Health. This request and program description may be inspected by the public at the offices of the Hawaii State Department of Health at the above address, the Environmental Protection Agency, Pacific Island Basins Office, 1000 Bishop Street, Suite 601 Honolulu, Hawaii 96813
